Dear Simon

Thank you for your letter seeking clarification about the NBN rollout for Sippy Downs.

I understand that there may be some confusion within the community, as there are separate pieces of work that will make up the NBN rollout in this area.

The first is build preparation work that is currently underway at new developments within the suburb. The other is last week's announcement of Sippy Downs' inclusion in NBN's 18 month rollout plan which includes the existing Sippy Downs community.

I contacted NBN today and they have confirmed that the current build preparation underway in Sippy Downs is to new developments.

They also confirmed that an estimated 14,900 homes in the Buderim region would come into build commencement in the first half of 2016. Sippy Downs (which includes existing premises) will be connected to the NBN as part of this rollout, and premises will be serviced by the fixed line footprint.

An online copy of the NBN Multi-technology Rollout plan to December 2016 can be found here:
<http://www.nbnco.com.au/content/dam/nbnco2/documents/mtm-rollout-plan.pdf>

I trust this information is beneficial. If you require anything else don't hesitate to call my office on 5493 5556.

Yours faithfully

The Hon. Mal Brough MP
Federal Member for Fisher
