

Sippy Downs & District Community Association Inc

UNITY in CommUNITY Program

Mission:

“To nurture and create opportunities for improved communication, collaboration and support for and between community (stakeholders) organisations, advocates, businesses and elected representatives who share or have overlapping communities or local and state government electorate regions”

Purpose:

To maximise the effectiveness and value delivered by community stakeholders, organisations, advocates, businesses and elected representatives to the communities and constituents they represent or service and to seek opportunities to minimise unnecessary replication.

Process:

Identify, contact and map the interest and willingness of community organisations, advocates and elected representatives to participate and nurture this project's Mission statement above.

Parties willing to commit to the principles and objectives of this living document will be invited to be a signatory as a clear commitment to exploring opportunities to work in UNITY in any way possible.

Outcomes:

The sharing and/or pooling of resources, expertise and information to nurture and grow a more robust and effective range of Community Engagement, Community Spirit building, Community Ownership and Community Communication across our respective and shared communities.

Matthew Druce
SDDCA President
